Dear Brian:

Thank you for helping to make our sixteenth annual Career Day a success. We appreciate you taking the time from your busy schedule to speak with sophomores about the career field you work in. It takes a total effort by the Salem community to make something like this happen.

In discussions with our students, most felt it was a worthwhile day. Your contribution to Career Day has given them a better understanding of the skills required in various careers. Over the years when we have seen our students make a more informative decision when choosing classes for their junior year of high school.

Once again, our day would not have happened without the participants from the business community. We feel proud to work in a community that promotes education and wants the best for its children. Thanks again and hope to see you in the future.

Sincerely,
