Attention: Brian Hooper

SUBJECT: Saint Matthews Church Parish Center Expansion

It is with great pleasure that I write this letter of accomplishment to yourself and your team of highly skilled technicians that I had the opportunity to work with on the Parish Center Expansion project.

This Project was one of the best managed and most professionally run projects I have had the opportunity be a part of in a number of years.

As a Design Engineer for more than twenty years in the HVAC field, I have never had the attention to detail and **neatness** in workmanship been more thoroughly displayed than by yourself and your employee's who worked on this project.

I am looking forward to working with you and your Team on projects in the future.

Sincerely,

John Cass
President
