

June 9, 2009

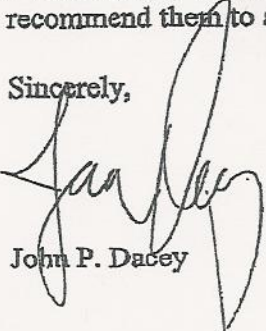

Mr. Brian Hooper
Mechanical Systems Incorporated
10-12 Delaware Avenue
Salem, NH 03079

Dear Brian,

I'd like to compliment your company on a job well done at the EMC 2008 Lab Upgrade Project at EMC in Westborough, MA. You and your employees did an excellent job working with our team through the many different issues that arose throughout the project.

I would gladly use Mechanical Systems Incorporated on future projects and would highly recommend them to anyone who has an upcoming project that requires HVAC work.

Sincerely,

John P. Dacey
