Mechanical Systems, Inc.
10-12 Delaware Drive
Salem, NH 03079

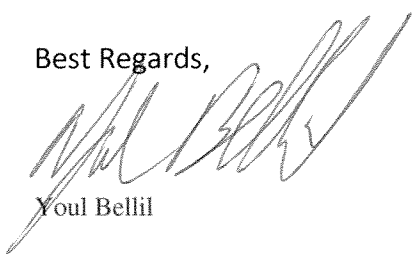

Re: EMC's Letter of Recommendation

To Whom it May Concern:

Our experience working with Mechanical Systems Inc. over the last twenty years has been outstanding. They provide exceptional quality service supporting our critical building systems on a 24/7 basis. We have come to rely on MSI's ability to complete work quickly and efficiently while ensuring our equipment is properly functioning and maintained at all times.

Moreover, we consider our relationship with MSI more of a partnership than a vendor/customer relationship. Based on our experiences, EMC Facilities would recommend our partner, MSI, to anyone in need of a quality mechanical systems operation and maintenance provider.

Best Regards,

Youl Bellil

Regional Facilities Manager

Hopkinton/Westborough/Southborough
