Susan Covey, Chief Volunteer Officer and Mike Goodwin, Chief Professional Officer of The Boys & Girls Club of Salem accept a generous donation from Sean McNamara and Brian Hooper of MSI Mechanical. “We feel it’s important to help those who help others, especially during these hard economic times,” said Brian.

MSI Mechanical Systems Inc. is a Salem, New Hampshire based full service mechanical contractor and facilities service provider for commercial, industrial & retail projects. From the basic, to the most sophisticated of mechanical systems, MSI has engineered and built them. Founded in 1995, they have installed almost every type of HVAC & Process Piping system in the industry.

Beyond its professional commitments, MSI Mechanical Systems is equally committed to community involvement having contributed to Merrimack Valley Habitat for Humanity, NH Food Bank, Toys for Tots and Make a Wish, NH Chapter. MSI also works with Greater Salem Chamber of Commerce as part of its Business Education Collaborative Committee. “Boys & Girls Clubs help young people in need by offering a variety of programs and mentors within a positive, instructional and growth oriented environment. We are happy to be a part of this effort,” stated a smiling Brian Hooper.
